There will be a portfolio created by each student which will check for mastery of skills based upon the GADOE Music Standards.

There will be graded assignments built into this platform as well. Students are encouraged to submit their best recordings for the grade.

Orchestra Communication Tools

Website

www.rhmsorchestra.org

Our website is the primary location for all things orchestra. You will find our handbook, policies, and up-to-date information on the main page and under the student/parent resource tabs. This is also where the official calendar is located. We recommend you check this site before contacting the orchestra staff. Most answers can be found in the various documents located on the site.

Band App

The band app will be our text based communication tool for the 2025-2026 school year. Please download the app and follow the QR code to access our group.

My Music Office

My Music Office (MMO) is our primary tool for storing your information and communicating via email. You will be provided a student account and temporary password at the beginning of the year. We ask that you update your contact information so that you can stay up-to-date on what is happening in the orchestra. The emails from PowerSchool will be loaded, if that email is not one you check often, we recommend updating this information in MMO. Emails will be seen as "My Music Office" NOT Mr. Mock's school email. The email may be sent to a junk folder. If you need to contact Mr. Mock directly, please use jmock@bryan.k12.ga.us.
